

B7 Basketball smart Court Project

1. Solar Panels: Harness the power of the sun with our state-of-the-art solar panels. Designed for efficiency and durability, these panels provide a sustainable energy solution that reduces carbon footprint and lowers electricity bills.

2. Large Ceiling Fan: Elevate your space with our large ceiling fan. Its expansive blades offer superior air circulation, creating a comfortable environment in even the largest of rooms. Ideal for commercial and industrial settings.

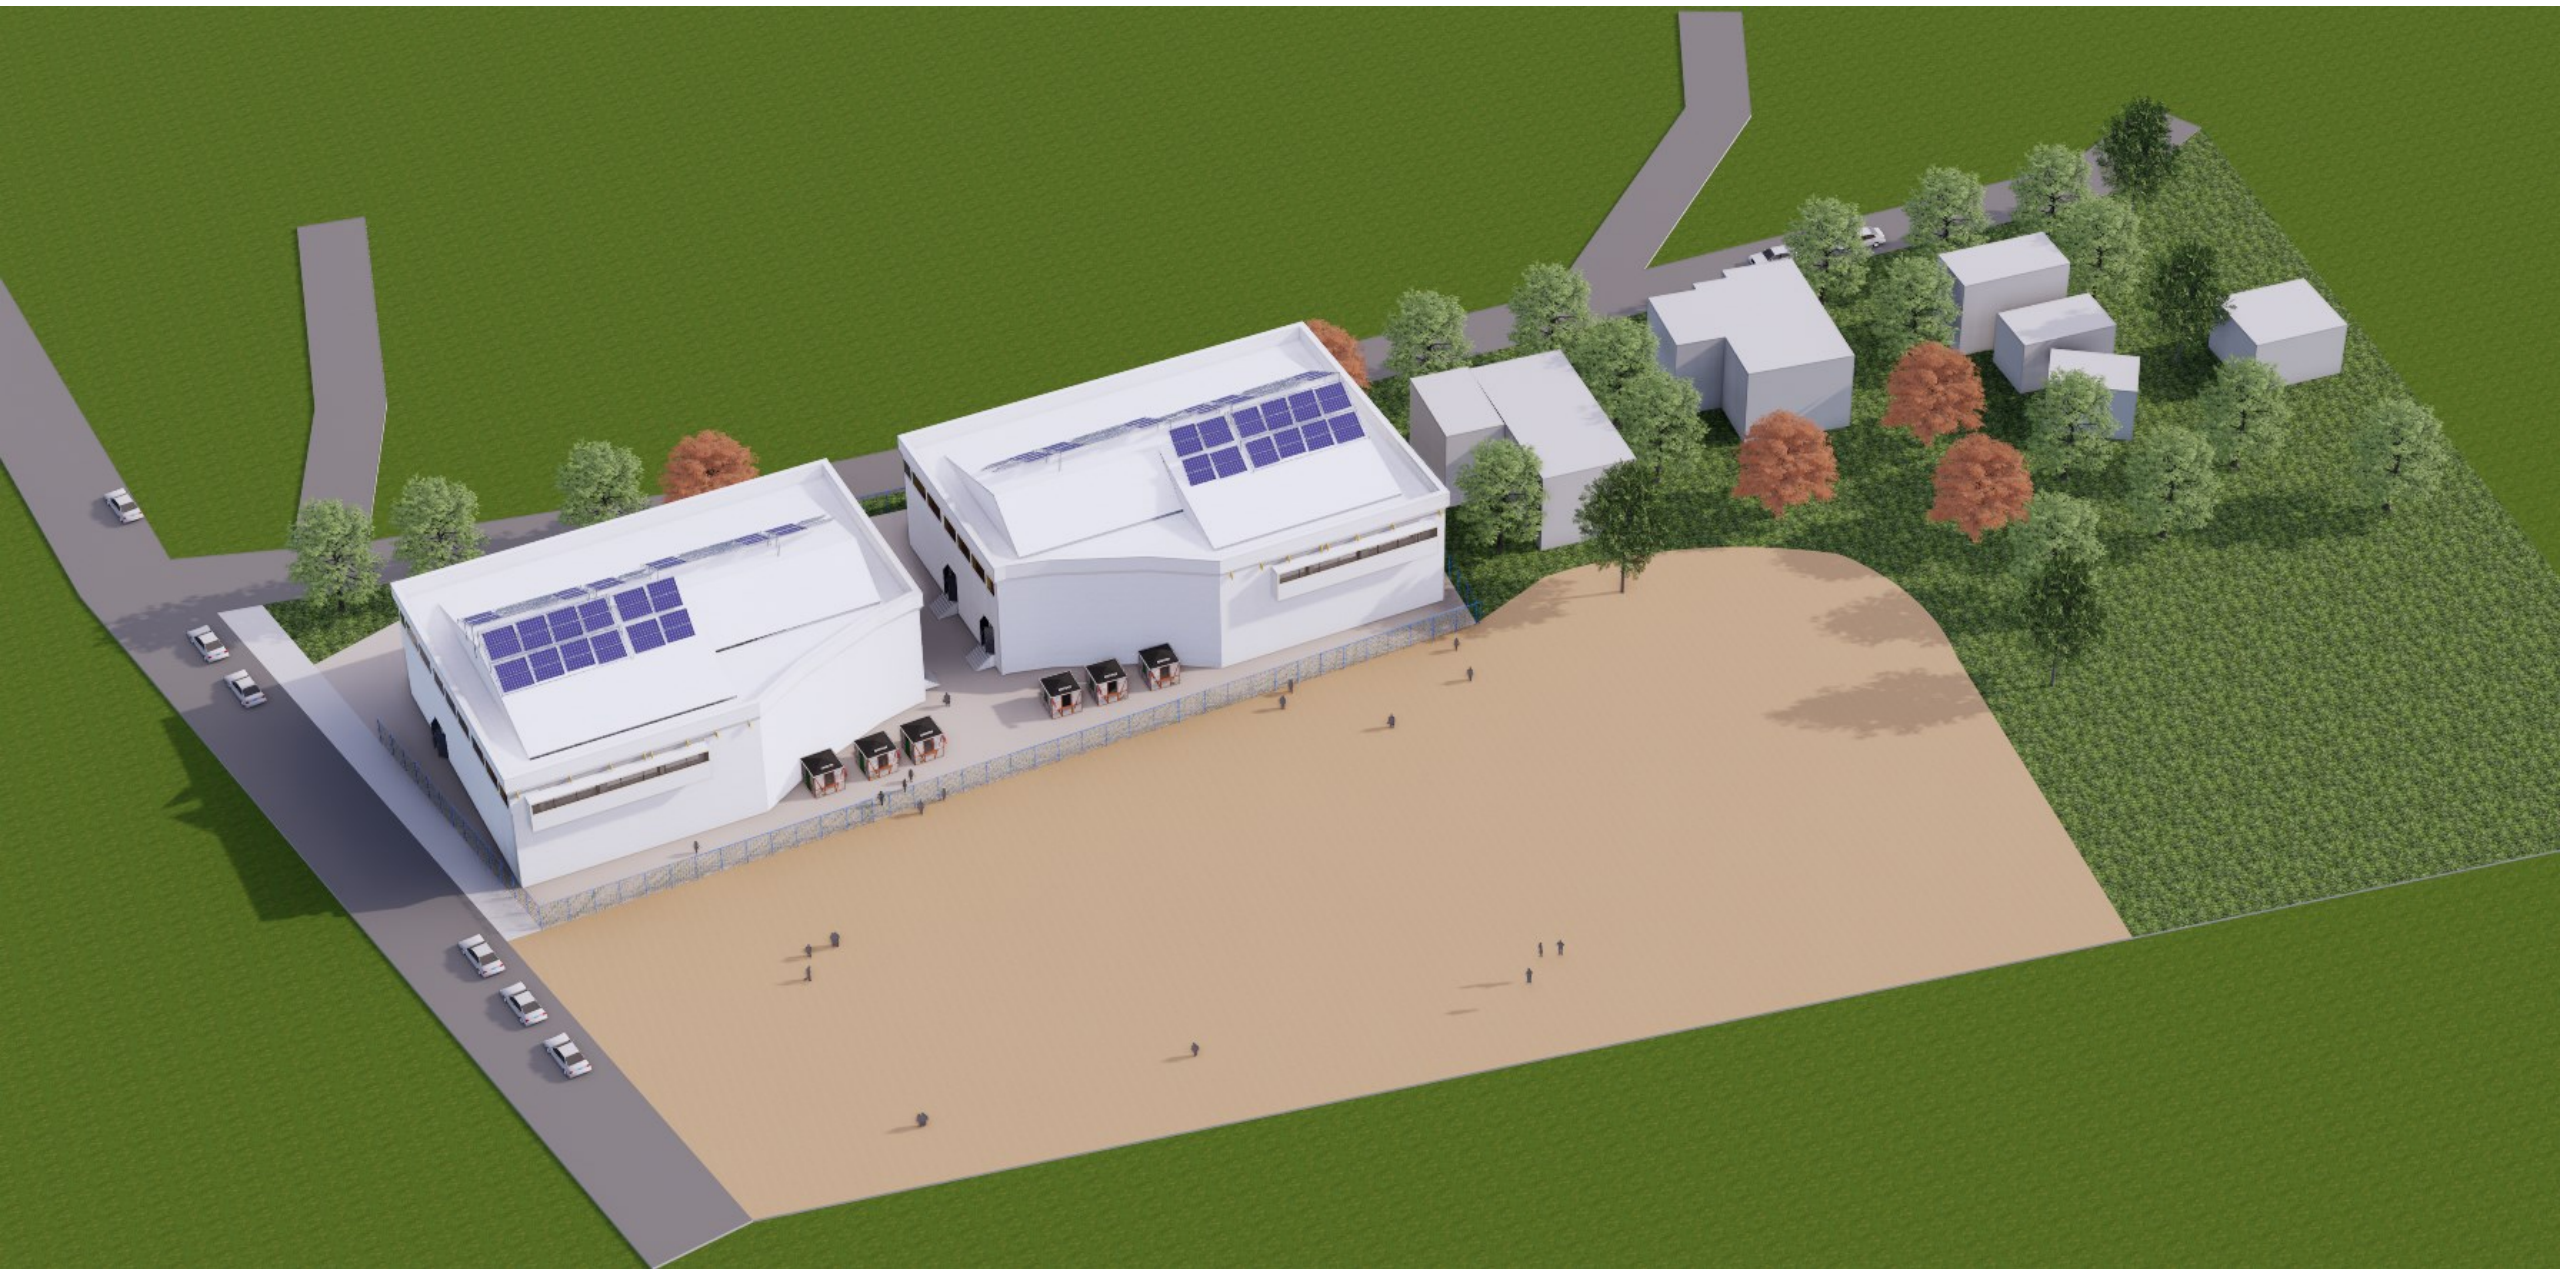

3. Scoreboard and Replay Screen: Keep the excitement alive with our high-definition scoreboard and replay screen. Offering crisp visuals and real-time updates, it's the perfect addition to any sports arena or event space.

4. Market Stalls: Our versatile market stalls are the perfect solution for vendors looking to display their goods. With easy assembly and robust construction, these stalls are designed to withstand the hustle and bustle of busy markets.

5. Sponsor Sales Screen: Maximize your advertising impact with our sponsor sales screen. Tailored for dynamic content display, this screen ensures your sponsors' messages are seen and remembered.

6. Metal Structure: Our metal structures are engineered for strength and flexibility. Whether for construction or artistic installations, these structures provide the backbone for projects that stand the test of time.

7. Ceiling Lighting System on Metal Structure: Illuminate your space with our ceiling lighting system. Mounted on a sturdy metal structure, this lighting solution combines aesthetic appeal with functional brilliance, suitable for a variety of settings.
